Summary below of surveillance/research of  
Sergeant Leland Coyle of Blackwell, OK.

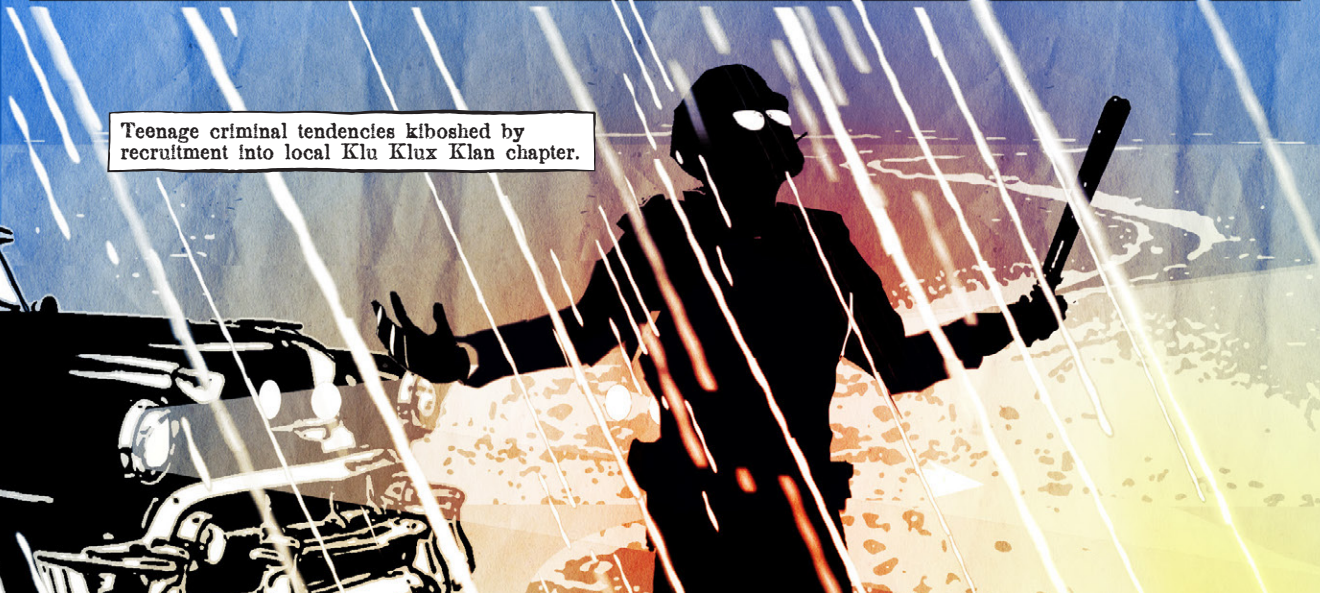

RUMBLE

Anecdotal evidence of abuse of animals and sexual  
assault as a child, leading to military academy education.

Teenage criminal tendencies kiboshed by  
recruitment into local Klu Klux Klan chapter.

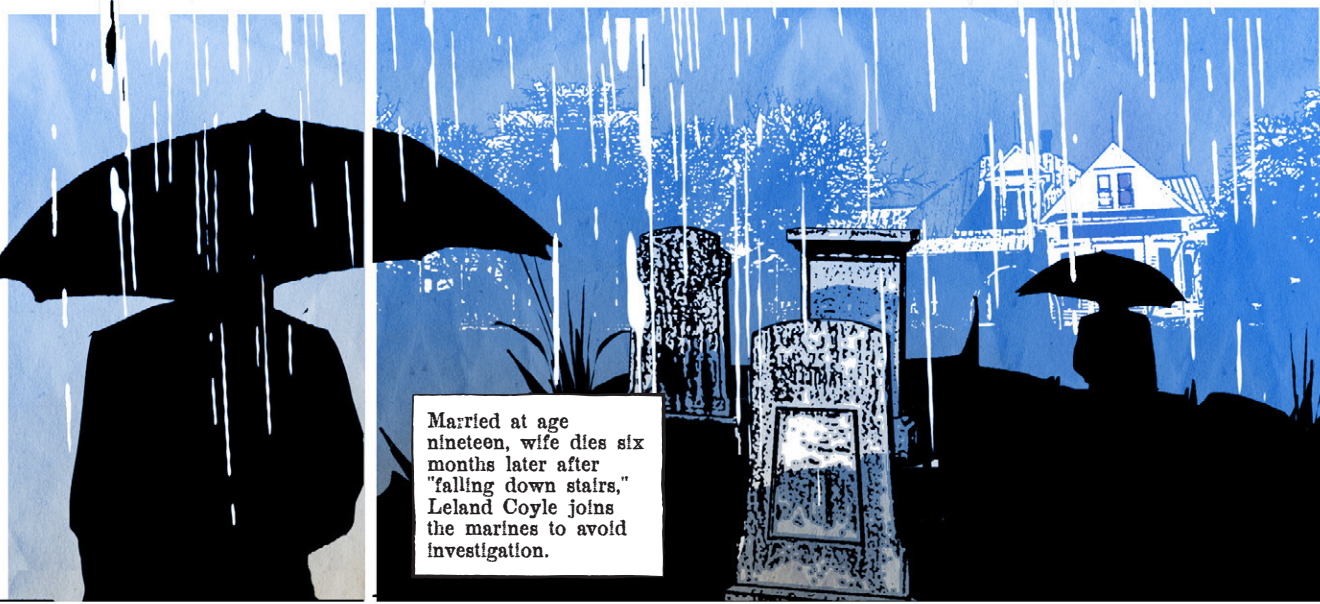

Married at age nineteen, wife dies six months later after "falling down stairs," Leland Coyle joins the marines to avoid investigation.

Coyle serves two years honorably in the Pacific Theater. Three confirmed enemy kills, two suspicious American deaths in his company.

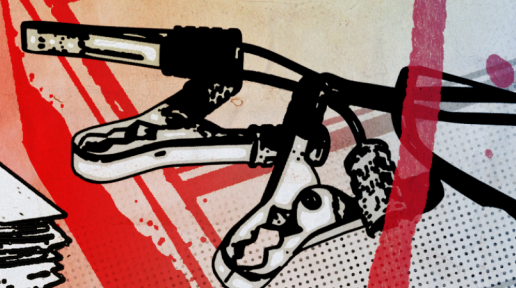

Upon return to Oklahoma, resumes Klan activity, which segues naturally into law enforcement job. On police department payroll since 1947

Coyle keeps obsessively complete notes. Seems to consider himself vital to history and of great interest to posterity.

Extremely effective policeman. Enormous profit from exploitation of prison labor, extortion, and civil forfeiture. Multiple commendations.

Coyle marries a second time and extorts wife's family.

Wife's family dies in electric fire. Wife flees to Chicago, dies officially of "natural causes," body recovered between the 900-2000 blocks of Kostner Ave.

Sergeant Leland Coyle observed standing in field watching lightning storm on five separate occasions during surveillance.

Coyle promoted to Sergeant. His third wife dies of "suicide" via multiple gunshots to the head.

Extraordinarily popular among fellow police. High standing in Elks club and VFW.

Interview details to follow.

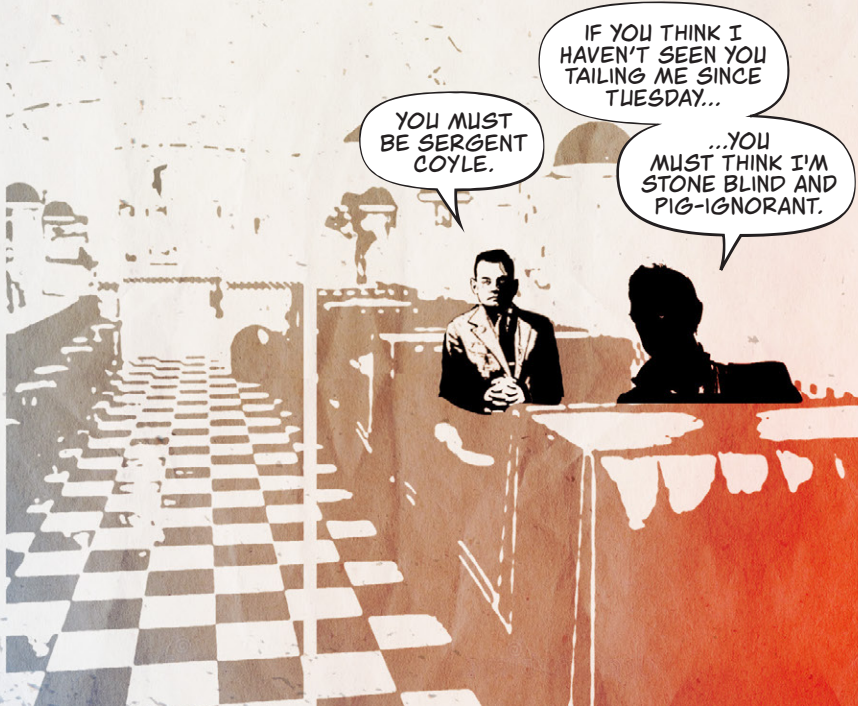

Arranged to meet Sergeant Leland Coyle at bar on Route 177 under pretense of bribery.

Coyle was known and well-liked by bar staff and customers.

YOU MUST BE SERGENT COYLE.

IF YOU THINK I HAVEN'T SEEN YOU TAILING ME SINCE TUESDAY...

...YOU MUST THINK I'M STONE BLIND AND PIG-IGNORANT.

Discovered my canard within minutes and conversation took decidedly violent turn.

I had the feeling of being a crippled mouse used as a plaything by a tomcat. I believe that if he had intended to kill me, I would not be writing now.

Subject's charisma was, however, undeniable.

MURKOFF

Subject's charisma was, however, undeniable.

Sergeant Leland Coyle highly recommended for PROJECT LATHE. I have two broken fingers, lots of bruising, pissing blood. Taking a week's recovery in Wichita.

TRANSCRIPTION NOTE: Typo in Telex above stet, Clyde Perry typo "Boyle" for "Coyle" likely an effect of broken fingers, or inebriation.
